$\qquad$ Date: $\qquad$

## Create EACH of the following three graphs below using GOOGLE SHEETS:

Graph \#1: Atomic Number (x-axis) vs. Atomic Radius ( $y$-axis)
Graph \#2: Atomic Number (x-axis) vs. Ionization Energy ( $y$-axis)
Graph \#3: Atomic Number (x-axis) vs. Electronegativity (y-axis)

1) Choose Chart Type: LINE
2) Under "Customize" tab:
a. SERIES $\rightarrow$ Select POINT SHAPE - Circle • (1/2 pt each)
b. SERIES $\rightarrow$ Check the box for DATA LABELS $\square \quad$ (1/2 pt each)

## For EACH of the three graphs, include the following:

1) EACH graph must include its appropriate data table. (1/2 pt each)
2) EACH graph should have a title. (1/2 pt each)
3) EACH graph's X-axis is labeled with a title and appropriate units. (1/2 pt each)
4) EACH graph's $\mathbf{Y}$-axis is labeled with a title and appropriate units. (1/2 pt each)

## TYPE up an ANALYSIS for EACH graph that includes each of the following:

Write a comprehensive/detailed analysis paragraph for the GROUP trend AND PERIOD trend on the backside of each graph. Therefore, EACH graph should have a total of TWO paragraphs. EACH group/period trend paragraph should include the following components:

1) STATE/DESCRIBE each trend for both the group and period (Ex: What happens as you go down a group? What happens as you go across a period?). (1 pt each)
2) EXPLAIN WHY each trend occurs. This component should be very detailed and thorough. Use your class notes for reference. (2 pts each)
3) INCLUDE SPECIFIC DATA POINTS FROM THE GRAPH that will sufficiently provide supporting evidence to justify the reasoning of the trend. (1 pt each)

When completed, PRINT OUT ONE hard copy of the lab per group to submit to the teacher and include group members' names on report.

| Atomic Number (Z) | Atomic Radius (pm) | Ionization Energy (kJ/mol) | Electronegativity |
| :---: | :---: | :---: | :---: |
| 1 | 37 | 1312 | 2.2 |
| 2 | 32 | 2372 | 0 |
| 3 | 134 | 520 | 0.97 |
| 4 | 125 | 899 | 1.47 |
| 5 | 90 | 801 | 2.01 |
| 6 | 77 | 1086 | 2.5 |
| 7 | 75 | 1402 | 3.07 |
| 8 | 73 | 1314 | 3.5 |
| 9 | 71 | 1681 | 4.1 |
| 10 | 69 | 2081 | 0 |
| 11 | 154 | 496 | 1.01 |
| 12 | 145 | 738 | 1.23 |
| 13 | 118 | 578 | 1.61 |
| 14 | 111 | 786 | 1.74 |
| 15 | 106 | 1012 | 2.06 |
| 16 | 102 | 1000 | 2.44 |
| 17 | 99 | 1251 | 2.83 |
| 18 | 97 | 1520 | 0 |
| 19 | 196 | 419 | 0.91 |
| 20 | 174 | 590 | 1.04 |
| 31 | 120 | 579 | 1.82 |
| 32 | 122 | 762 | 2.02 |
| 33 | 119 | 944 | 2.2 |
| 34 | 117 | 941 | 2.48 |
| 35 | 114 | 1140 | 2.74 |
| 36 | 110 | 1351 | 2.94 |
